

# Break Line

Break Line is the latest addition to our collection of illuminated bars and counters. Modular, versatile and innovative, Break Line is ideal as a bar counter or a reception desk. It can also be combined with Break Bar and Ice Bar: the result is a practical and complete bar counter that fits in and lightens up all kinds of spaces, including small areas. Graphics can be added to increase brand/ logo awareness. The bars can be lit with light bulbs or by 10W LED/Battery units.
