

Victoria Ghost

A chair designed along the classic lines of the Louis Ghost chair. The backrest is rounded, the shape evoking that of antique medallions; the simplicity and essentiality is that of the La Marie chair: the shape of the seat is more linear and geometric. It is a perfect complement to any dinner occasion or wedding - a powerful statement in its numbers. Victoria Ghost is produced in clear or coloured polycarbonate and is manufactured through single injection moulding.

Brand: Kartell
 Designer: Philippe Starck
